COLMANS

About Us

Established in 1992, Colmans Garments Industries (Pvt) Ltd stands as a premium garment manufacturer and exporter in Sri Lanka. Following its acquisition by Emerald International (Pvt) Ltd, a synergy was born, amplifying the Group's production capacity significantly through combined strength, technology, workforce, and manufacturing facilities.

With over three decades of industry expertise and a workforce of over 1000 employees, Colmans boasts an advanced manufacturing facility capable of exceeding 200,000 pieces per month, ensuring timely delivery of luxury garments.

Specializing in woven garments for menswear, our end-to-end manufacturing process, production skills, and cutting-edge technology epitomize the highest standards of quality and luxury. Trusted by premium international brands such as Louis Phillipe, MARCS, Tommy Hilfiger, Eddie Bauer, and Nordstrom, Colmans is renowned for its commitment to excellence.

Certified by ISO 9001:2015, SMETA, and WRAP, we uphold ethical manufacturing practices while delivering premium, globally accredited garments to leading international brands.

Why Colmans?

Our 360° Approach

Colmans takes pride in offering cutting edge end-to-end services to its valued global clientele. Making the best use of technological advancements, Colmans provide 360° production facility which integrates every stage from designing, procurement to manufacturing.

Adopting a 360° production ensures each step of the manufacturing process at Colmans is completed in-house. The resultant simpli

Ordering

We support innovation and trialing, and have the same comfort-level when working on orders with a quantity of 50 pcs or a quantity of 5000 pcs

Designing

Drawing on combined experience of over 20 years across a variety of internationally recognised brands, our in-house design team is capable of providing end-to-end solutions from conceptualising new collections from scratch to bringing them to life. We also provide insights on latest trends and patterns.

Sourcing

Over the past 30+ years we have established deep rooted partnerships with our fabric and accessories suppliers based all over the world, and continue to maintain direct close links with them. We source special luxury fabrics from the Far East (i.e. Japan, Thailand, China, Malaysia) as well as from the Sub-Continent and source special high-end fabrics from Turkey and Italy.

Manufacturing

Our team is skilled in manufacturing a large variety of products including shirts, t-shirts, work wear, chinos and denims. We use the latest technology coupled with capable embroidery teams to deliver the best possible products with a polished

Unveiling Quality

We have a rigorous quality checking process where an independent team dedicated to monitor quality, carefully checks each piece of garment at the end of the production line. We are certified with many quality certificates including the ISO 9001:2015 which is an international standard ensuring Quality Management Systems (QMS).

Factory Strengths

Within proximity to ports and airports, and easily accessible via roads, the factories are located in Kottawa Modaravila export processing zones dedicated for large scale export industries.

Manufacturing Capacity

We are one of the largest factory spaces in Sri Lanka specializing in men's wear and uniform manufacturing. A total of 110,000 square feet in our 3 factory premises make sure that the factories are on par with international guidelines for factory processes and guidelines. Each factory specializes in knitwear, underwear and outerwear garments, ensuring that the factories are well equipped and skilled to handle any related order.

Design Flexibility and Innovation

The decades of garment manufacturing expertise combined with state of the art machinery, ensures that high quality and unique designs are easily executed to perfection.

Manufacturing Flexibility

Our factories are capable of manufacturing custom quantities without restrictions of MOQ (Minimum Order Quantities), making CGI one of the most versatile manufacturers in the industry. Our clientele can decide on the order quantity according to their requirement and our factories are capable of managing orders either small or large.
